Dear Congressman Howard:

I want to thank you for your letter of 24 March and your visit to the Department of Justice on my behalf. Should you receive a written response from the Department, I would like to have a copy of it for my files.

If they should tell you that the answers are to be found in the National Archives, be assured that there is no evidence which indicates that such is the case. There is however, ample evidence which indicates the conclusions of the "Warren Commission" are in error.

Your assistance is much appreciated.

Sincerely,
